

Have A New Prescription?

Why wait in pharmacy
when you can
activate your
prescription right
from your phone.

Use Q-Anywhere to receive text updates when your medication is ready for pick up.

Lyster Army Health Clinic is excited to announce a faster, more convenient way to manage your prescriptions with the **new web version** of Q-Anywhere!

The web version enables instant verification and quicker activation, helping you get on with your day faster.

Here's how it works:

- ✓ Activate your prescription online right after your appointment.
- ✓ Get notified when your prescription is ready for pickup.
- ✓ Enjoy a smoother, more efficient pharmacy experience with the new **Q-Anywhere web system**—putting your time back in your hands.

You can still use the same number 833-429-7248 to text “Get in Line” and be directed to the web version of Q-Anywhere.

Q-Anywhere is available during normal pharmacy hours.

You can not use Q-Anywhere to request refills. To request a refill, call 334-344-7926 or use the MHS GENESIS Patient Portal.
